

Michigan Association for College Admissions Counseling

CALL FOR VOLUNTEERS 2010-2011

The heart of the Michigan Association for College Admission Counseling is the involvement of its members. Please review the list of MACAC's committees and indicate any and all on which you would be interested in serving. Signing this form does not obligate you to serve on a committee. Rather, it is intended to establish a connection between you and the committee chair who can further explain the work of the committee.

Please check all of the committees of interest.
