

# Conference Highlights

The UCW is an opportunity for high school guidance counselors to gain professional development, and to engage in an exchange of ideas among peers and college admissions officers at every level. The workshop's focus is providing counselors with effective strategies and approaches to successfully meet the changes and challenges of a global society. If you missed last year's conference, you don't want to miss this one.... The breakfast alone is well worth the price of admission.

**Keynote Speaker,** Ted Spencer is Associate Vice Provost and Executive Director of Undergraduate Admissions at the University of Michigan. He is co-chair of the Enrollment Working Group, the body that manages undergraduate enrollment numbers, and oversees all functions related to the undergraduate admissions procedures, including processing, implementing, advising, developing, maintaining, funding, recruiting, admitting and enrolling students who reflect the socioeconomic and racial diversity of the State of Michigan and the nation.
